Dear Parent/Carer,

I am writing to inform you that a child who is attending school is undergoing medical treatment for cancer/leukaemia. This is not infectious to others but does put the child at risk of being very poorly if they are exposed to the following infections:

Measles

Mumps

Chickenpox

Shingles

Sickness and Diarrhoea

Please be assured that your child is not at any risk whatsoever from this situation but if you have any concerns, please do not hesitate to ring the school.

However, the health and wellbeing of the child who is at risk will depend on the co-operation of all our parents/careers and I am sure that you will all want to help

Would you please therefore inform us immediately if you suspect you or your child may have any of the above infections.

I would like to thank you in advance for your understanding and co-operation in this important matter.

Yours faithfully

Mrs M Cherry

Head Teacher
