Important Notice

It has recently been reported that three batches of Ventolin Accuhaler and Seretide Accuhaler asthma inhalers have been recalled because they do not deliver the full number of doses.

People with affected inhalers should take them to their pharmacy and get a replacement.

Only a small proportion of the units are defective.

They are:

- Ventolin 200mcg - Accuhaler 1x60D, 786G, exp 05/2019
- Ventolin 200mcg - Accuhaler 1x60D, 754P, exp 05/2019
- Seretide 50/250mcg - Accuhaler 1x60D, 5K8W, exp 04/2019

Other asthma inhalers, including the more commonly used Ventolin Evohaler, are not affected.

The school will check any inhalers we have and ask you to check any you have at home.
